Solitude Sweetened

Synopsis

Some books become of little interest when their theme has little or no practical application for the reader. For the Christian, especially the ones who are "...in a strait betwixt two, having a desire to depart, and to be with Christ; which is far better:" Solitude Sweetened will, with anticipation of reading the next page, draw your attention from this present evil world and fix your gaze on "...a building of God, an house not made with hands, eternal in the heavens."An evangelist in Florida said, "Solitude Sweetened is no doubt the greatest devotional book I have ever read."
