It should be understood that this is a pamphlet and not a detailed guide to all, or even many, of the Christian denominations. Use it for a quick reference but refer to *The Complete Guide to Christian Denominations* by Ron Rhodes or the *Handbook of Denominations in the United States* 13th Edition: 13th Edition by Craig D. Atwood for a more exhaustive review.

These booklets from Rose Publishing are the best you can buy. Love that they are laminated so they are in great shape no matter where I take them. Best teaching tool I have found. Can't say enough about the. Great for the price. Perfect to carry in your Bible as well.

There are probably more offshoots that could be listed

It was very informative as to when and how denominations formed. I wish he had gone into more detail on some of the comparisons.

This is a simple pamphlet providing good information on different Christian denominations.
Recommended if you want to get a broad overview of differences and similarities.

I had expected a more in depth analysis, insight and comparison. I wouldn't get this book again, just to basic.

Doesn't have a ton of ongoing information, would be more useful in an overall collection information.

Excellent resource material, easy to read with full descriptions.
