Customer Reviews

Very informative and easy to read. Makes understanding passive income possible for the entry level learner. Congrats Chad!

Chad does it again. His udemy courses are awesome and this book is also full of valuable tools and resources. Must read if you want to create passive income systems online.

There is so much information in this book. If you want true passive income, and don't know where to look, this is the book for you.

Admittedly, some of the ideas were out of my comfort range, but it was good to know the many options I have for creating passive income. The different avenues for income made me take a look at where I could be creating passive income but just haven't done it yet.

This book was just what I was after. I have some experience with making residual income, but Tennant provides a different way of thinking to achieve results. For instance, taking the Æ Æ “portfolio approach Æ Æ Æ Æ to attract multiple streams of income to reach our financial goals. Also, instead of pretending to be a know-it-all, Tennant provides examples, cases, and several resources for readers to learn more including top books, free online courses,

and articles. A perfect guide for those who are new, or with some experience, to passive income. Highly recommend!

It lists many ways of making a living with passive income. Many useful links are provided in case the reader wants to learn more.

This really opened my eyes to the aspect of multiple income streams. I always had the idea that I'm going to have to spend years building a business and eventually be able to only work only 10 - 20 hours a week while making a good income. What's amazing about this book is how the author explains in detail how to passively achieve multiple income streams. And that's the key word, passive, because you can make an amazing income while doing very little. Out of the 14 ways Chad talked about, I'm really REALLY excited about tackling 6 of them in the next 3 weeks. He gives you the blueprint and the steps, I feel like the rest of the work is administration.

This is not a useful read, and certainly not worth money. You can find multiple blogs or free information online, which elaborate in far more detail. The author is using this book to develop his own passive income revenue stream, which is all well and good for him, but is not useful to the reader. Do NOT purchase this brochure/ pamphlet of nonsense!
