A Soup For Every Day: 365 Of Our Favourite Recipes

Synopsis

The only cookbook soup lovers will ever need Since they first began making delicious, homemade-quality soups using only fresh, natural ingredients, the New Covent Garden Food Company has continued to create ever more innovative and tasty recipes. Now, a few years on and with hundreds of recipes at their fingertips, they have decided to share their all-time favorites with you in this definitive collection. Soup is generally easy to make and a great way to use up leftovers, but it can also be exotic and sophisticated, and A Soup for Every Day is packed with ideas for whatever the occasion demands. With a recipe for each day of the year, carefully chosen according to what's in season, you'll find tons of inspiration to create a healthy, nutritious meal for all the family, an impressive dish for a dinner party, or comfort food for a cold winter's afternoon. With all sorts of delicious concoctions—from Butternut Squash and Goat's CheeseÂ or Pea and HamÂ toÂ Moroccan Lamb and ChickpeaÂ or Carrot and Coriander—this wonderful book contains all the recipes any soup lover will ever need.

Customer Reviews

The New Covent Garden Food Company was established in 1987 to bring quality, homemade soup to the shelves ofÂ UK supermarkets. They remain the leading brand in fresh soup.

This is a delight to use - real simple and genuinely captures the flavor and textures of the covent garden soups so loved in the UK. Living in the States, those soups are something I really miss and being able to make them like this, it's actually a joy. Some of them take about 20 mins! Can't get

more convenient.

This is likely one of the best cookbooks out there for soups, and a couple non-soup items. New Covent Gardens Soup Company is known for putting out some very imaginative, tasty, inexpensive all natural soups in the UK grocery stores. They're fresh and delicious. This is finally the way to see many of their soups on your table without having to fly overseas to go to a UK grocery store. It contains many of their most popular staple soups, their seasonal varieties, and some of their limited edition soups on your own table, made by your own hand. The directions are clear, concise, simple to follow, and yield some wonderful results. Only thing that may be an issue is the fact that the book was written for a UK audience, so you should have a measuring cup that reads in both metric and standard, and there are a couple recipes where the measurement is specified in a weight instead of volume. Also be aware that there are a few vegetables that are named differently in the UK. Aubergine is eggplant, courgettes are zucchini, swede is rutabaga - I believe those are the only vegetables that may be confusing for people in the US.

It is beautifully laid out, clean, simple and comprehensive. I like pictures for every recipe - this doesn't have that, but it doesn't seem to matter either. A beautiful recipe book with great recipes!

I own a lot of books, but this is one of the best. I've always loved the Covent Garden Soup Company's soups, but since we don't live in the UK, this is a way to still have it. Really good soup book

Unique, imaginative and simple recipes. Would have given it 5 stars, but I have now found more than one editing error--for example the Red Lentil and Chickpea Dhal does not even have chickpeas in its list of ingredients, nor in the instructions beneath the ingredient list. The Savoy Cabbage and Turnip lists 45 minutes to cook, plus 1 hour "soaking time." However, none of the ingredients need to be soaked (nor do they instruct you to do so in the ingredient list or in the instructions). It's a shame that such a lovely book has not been subjected to what one would consider a normal editing process and I do hope that the authors can at least post corrections online.

I bought this book last winter and every recipe I've made from it was great. The recipes are clear, easy to follow, and the ingredients are easy to procure. The book gives a time estimate for each recipe, so it is easy to gauge what you are committing to. I just made the venison, mushroom, and

red wine soup tonight. Fabulous. This book is worth its high price.

I loves this book! It's got lots of great seasonal recipes and is clear and easy to follow. It's only fault is that they don't use nearly enough garlic...but maybe that's just me ;)
