France: A Traveler's Guide To The Must-See Cities In France! (Paris, Strasbourg, Nice, Dijon, Lyon, Lille, Marseille, Toulouse, Bordeaux, Nantes, France Travel Guide, France)

Synopsis

Discover the best parts of the must-see cities in France. Learn the top sights and attractions before you travel with this comprehensive guide. Read on your PC, Mac, Smart phone, Tablet or Kindle device. Planning a trip to France? Great choice! If you're considering anything from a short stay to a permanent move, or anything in between, this unique country undoubtedly possesses some of the most spectacular scenes to be witnessed anywhere in Europe. But are you prepared? To get the most out of any overseas trip, there is no doubt that you have to be well prepared and have some basic knowledge about your destination: where to go, what to see and what to do! Without this knowledge you will likely find yourself worried or stressed out, spending your valuable vacation time planning your next steps instead of relaxing or discovering new sights. In this book I'm going to give you the best tips and advice that will enable you to get through your French adventure smoothly, and help you to enjoy it to the fullest! I'll provide you with the essential sights and attractions for all of France's major cities, so that you don't have to waste any of your own time finding out what each city has to offer! You'll have the most concise, valuable guide book to France - its sights, its culture and its people - at your fingertips every step of the way. So what are you waiting for? Download your copy today! Take action now and enjoy the trip of a lifetime! Customer Reviews

This was not the guidebook I was hoping for. Poorly written and badly in need of a copyeditor, the focus in each city is on the main tourist attractions everyone already knows about; I don't need to purchase a guidebook to be told to see the Arc de Triomphe, the Eiffel Tower, and the Louvre. The brief chapters on each city give a brief overview of the city's most famous talking points, followed by a review of its ten most well-known tourist destinations. I had hoped for a guide to some lesser-known, out-of-the-way spots so that search continues.

I just found this book today as I decided that I want France to be my next big trip. I didn't know which places to pick, but it appears that Sam has done all my work for me. If I follow his advice, it seems I'll get a good feel for the country and experience the richness of its diversity. I'm thinking I'll do a different city every day with three days for Paris at the end. It seems that most of the cities are two hours apart by train and Sam has arranged it so you go in a clockwise circle around the country, with Lille at 1:00 and Nantes at 10:00. And he tells you what to see and eat in all 10 cities. Thanks a million, Sam.

I really want to go to France someday because that is my dream place and I felt sad for what happen to Paris now. When I saw this book in the book list I immediately get it because I really love France. I read it with joy because all what it is written here are so exciting. Even it is poorly written I appreciate it because it needs little common sense to it so that it can be understand well.

This is a great book that gives you all the details on going to France. My girlfriend and I are thinking about taking a trip there during the summer and we found this to be helpful as a travellers guide once we go visit. This is a must have for any tourist going to France.

I can't wait to be in France. It is one of the many places I dream to know. The author does a good

job compelling his reader to explore France. It is full of information about places to visit in France. I will more than sure read more from this author.

My hubby and I are traveling to France in a couple of weeks. This book has been tremendously helpful as we plan our trip and I think will be a good resource to have once we are there! Will look for more of these books for other trips!

Waste of your money. You will find more on the internet.

This is a good and useful book, albeit a bit brief as there is so much more to see and do in France. This book covers selected highlights of France and it does a great job at that.
