Think Happy, Be Happy: Art, Inspiration, Joy

Synopsis

The gift of art, the gift of inspiration, the gift of joy. This dynamic illustrated book is brimming over with encouragement and wisdom and delivered with a fresh, modern twist. Pairing quotes with original graphic art that brings the words to life, *Think Happy, Be Happy* is a gallery of beauty and cheer inspired by the letterpress and screenprint art that's hot on Etsy and pinned and re-pinned by Pinterest's millions of fans. The artwork is by more than twenty popular illustrators and designers, who transform simple but smart mottoes from the contemplative "Find beauty in rain" to the upbeat "I make my own sunshine!" to the empowering "Don't shush your inner voice. It's who you are" to the joyful "Live every day like it's your birthday." The art is paired into bold and visually dynamic statements. This book is a delightful pick-me-up that can be read over and over again and bring comfort and affirmation every time. Paired randomly throughout is unexpected, complementary text-themed play-lists, top-ten lists, and simple recipes. Because what's better to lift the spirits than a Watermelon Mint Ice Pop?

These are very cute. I bought these to tear out and put in my kids lunches. I wish that the back didn't have writing for the next page because this really is supposed to be written for a book. Of course, if you're reading it as a book this is exactly how you'd want it to be. But, I don't want it for a book I want to be able to tear them out and use them as lunch notes. That being said, it has not deterred me from using them nor has it affected the kids excitement when they see them. They have been passing these along to their friends at school when they get them. They seem to be very cute little messages and the kids are enjoying them. I would still buy them again even though they have the words on them. They are cute little messages! I love them :-)

Book is pretty small as other reviews have stated. I was expecting it to be very small, but it is roughly 1.5 times the size of your standard sticky note. The cover's corners were slightly bent when I got mine. Some of the quotes are very inspirational, creative, and original; however, some were very cliched, boring, and disappointing that they were even included. For the most part, I liked the book because it is very colorful.

the quotes in this book are darling and bright happy designs, but my intention was to be able to cut off the binder and hang some of these on a bulletin board. unfortunately, the pages are double sided so you have to decide which one you like best. still, it is very cute.

I ripped out my favs and used pretty thumbtacks to tack the to a square corkboard. I use my affirmation board daily to help me recite positive affirmations. Great way to start the day.

I purchased this book thinking that I could use the pages as artwork in my apartment, however I did not realize how small the book was. Other than my lack of knowledge on the size, this book is good. It has really positive quotes inside as well as other bits of information and ideas on how to make your day just a little bit happier! I contacted the company with my complaints and they were very understanding and worked with me on getting a refund.

I am very into books, graphic design and motivational quotes. So buying this seemed like a no-brainer. I framed pictures that came in the book. I made sure to get a frame that is visible both sides so I can show off the back and front of the page. It made a cool decoration. I'd recommend

buying this book because it's great! Also better to buy it off of [Amazon](#) than Target where it costs way more.

Great mini book of quotes with fun illustrations!
