100 DAYS TO SUCCESS - The Ultimate Goal Planner: (Goals Setting & Planning For Success)

Synopsis

NOTICE: THE KINDLE EBOOK ONLY SERVES AS A REVIEW OF THE PAPERBACK

VERSION. Do you set goals for yourself? What are your goals for the next 12 months? How about 3 years from now? 5 years? 10 years? What are your aspirations in life? Goal setting is the first step in successful goal achievement. It marks your first point toward success. It's when you switch from a passive state to being involved in life. The physical act of writing down a goal makes it real and tangible, and you have no excuse for forgetting about it. As the saying goes, "An idea is just a dream until you write it down...then it's a goal." Whether you want to stay in a diet, exercise more, build a company, read more books, or whatever that is - this goal planner will help you build a habit in goal-setting in 100 days. Each day comes with a motivational quote from successful people that will hopefully inspire you in achieving your ultimate goal. "Setting goals is the first step in turning the invisible into the visible." ~ Tony Robbins
