Candidates who are facing IQ tests as part of selection or admissions procedure; puzzle enthusiasts

The biggest book of IQ practice tests available with 1000 practice questions organized into 25 tests

Too much of the same type of puzzles. Got bored. Sent to friend.

The quizzes are hard ... but then you want them to be tough.

This book has some very difficult test questions. I think that it is a good tool for keeping your thinking

processes in good shape.

My kids love it and we have a great working on the questions.

Good for preparation for IQ Tests!

I teach students how to beat the ACT and SAT. These give me a lot of help in keeping my mind sharp.

From basic to more complicated questions. Take your time to exercise of your brain and have fun. Do not expect a perfect score.

This book is better for advance IQ students but not for beginners.
