The Victor Journey Through The Bible

Synopsis

Now You Can Journey through the Bible from Your Living Room Chair! The David C. Cook Journey through the Bible is a unique resource that approaches the Bible story by story. In these pages you will discover around 250 of your favorite Bible stories presented with background information in word and picture. This storehouse of authentic material includes these features: • over 400 colorful pages of photographs, drawings, maps, and charts • more than 100 drawings from objects or monuments of Bible times • over 200 photographs of Bible lands today • photographs of more than 50 archaeological discoveries • scores of reconstructions and diagrams • and dozens of colorful maps. This easy-to-read, visual exploration of the Bible allows you to follow the action from Genesis to Revelation. The stories of Scripture will come alive as you travel story-by-story through Bible lands and times. You will discover how ancient people really lived • the foods they ate, the homes they lived in, the clothes they wore, the work they performed. Every library, home, church, and school will want this complete reference work on its shelves. It will enrich Sunday School lesson preparation, Bible storytelling, family devotions, and Bible study. The David C. Cook Journey through the Bible is unparalleled as a user-friendly resource!

V. Gilbert Beers (Th.D., Ph.D.) has spent a lifetime encouraging readers to delight in the Scriptures through his over 140 books, ranging from children's Bibles to reference works. The David C. Cook

Journey through the Bible is the product of nine visits to the Holy Land, including a research trip to take photographs for this work. Dr. Beers has been happily married for 53 years and is the father of five grown children. Dr. Beer is also the grandfather of eleven!

As we read through the whole Bible as a family, the Victor Journey Through the Bible is especially helpful for my kids to help connect them with the landscape, culture, and times that we are reading about. The book is high quality print with lots of colorful images. The quality of the content varies from page to page, but overall has been helpful. As a tool to help you and/or your kids understand the world they are reading about in the Bible, this is a helpful tool.

This has good articles related to various stories in the Bible, but honestly I felt some of the information was trivial and not crucial to providing insight in the text. I was hoping for a better resource on key concepts or background info that I wouldn't know about the historical context or background of the time. I found about half of the articles helpful.

This book is great. We use it for our children's curriculum but I plan to go through the entire thing so we all know more about God's story from this book. Great pictures and easy details that tell us more than we imagined!

I love this book. What a great addition to our Bible study. Great colored pictures and historical content!

I love this book because it gives one an understanding of the culture, geography, and spirit of Biblical times. We are so far removed from some of the descriptions in the Bible; this book enables one to maximise the experience of it's benefits. Unfortunately, the wrong address was put on the box and it was delivered to another house on my street. Had the post office not worked with me to find the book, I don't think I would have received it. When we finally tracked it down, the people in the home had opened the box and were enjoying the book with no intent of ever returning it. They had thrown away the box and all the packing information. I am grateful that it was returned as it was a gift for someone special.

This book is one of the best things I've bought for use with homeschooling. It's nice for the kids to have another resource for what they are studying and this includes culture notes as well, that make

it more fun and interesting to learn, especially about the Old Testament. We use it as a supplement, but I honestly think if you are a creative person, you could just buy this book and go through it with your kids yourself. Make up some worksheets and crafts and you're set. :) I would definitely buy this book again, and 's price was the best I've found anywhere for it.

So enjoyable to read about things that help give greater insight into what the times were like during biblical times.

Good resource for teaching Sunday School. Next best thing to visiting the Holy Land. Book was in very good condition.
