My Iran: An Iranian-American Experience Back Home

Synopsis

A gripping and inspirational story, *My Iran* takes us along the journey of a young Iranian-American woman's personal account of visiting her home country for the first time. Highlighting the difficulties of adjusting to cultural norms, shawndeez shares her experience of traveling all over Iran by plane, bus, car, and boat. Inviting young diaspora Iranians to engage with their homeland, *My Iran* pushes us all to explore the many beauties of Iran in a new light.

Customer Reviews

I sat down and read this entire book the second FedEx dropped it off. *My Iran* offers an amazing insight into the untold lives of Iranians and Iranian-Americans. Rather than focusing on the politics and stereotypes that surround the country, this book shares the humanity and culture. It's an amazing read and very understandable for those who are not familiar with the region or history. I definitely recommend.

An amazing journey of a brilliant young lady in search of her roots. She has written with her heart and one could easily feel the warmth and sincerity of her experiences as she reflects on them. The vivid stories came to life several times and manifested as tears in my eyes. Well done.

Beautifully written- I truly enjoyed this read. I am also Iranian American and related so much to what I was reading. This book filled me with pride, joy, happiness, memories of great times, and memories to be had. It's a quick and intriguing read, highly recommended to all!

Read this in December and loved it so much. I've since passed it along to multiple family members who have loved it just the same. I'm so glad I had the opportunity to read this. Definitely recommend this book to anyone, especially those with immigrant parents.

Quick, easy-to-read, and insightful short stories. I really appreciated all the colorful and detailed descriptions of the various Iranian cities. I highly recommend this book to anyone interested in traveling to Iran and understanding more than the average Western media portrayals of Iran. Definitely worth reading.

This is a very well-written and engaging book. I finished reading it all in one sitting and enjoyed it greatly. The stories took me back to places of which I have warm memories as well as places I have never been before but long for just the same. Highly recommended for those who want to reconnect with Iran and those who want to get to know the Iranian people and culture.
