Customer Reviews

Great pictures with lots of detail, got many new ideas. I think it will be a good book to pass around to my friends who are also improving their properties.

Good book, good ideas.

very informative

This book is a great idea book at a wonderful price. We used this book to help us build our dream deck and it gave us amazing ideas that we would not be able to create on our own.

excellent

Good book

I was disappointed with this book. All the photos look like the yards are huge and in areas with lots of natural vegetation which is not my case at all. Nice photos but did not pertain to my situation.

Worthless
