# The Journal Of George Fox

## **Synopsis**

Still commonly read today, The Journal of George Fox is the autobiography of one of the founders of the Quaker movement. British preacher GEORGE FOX (1624-1691) here details his spiritual journey from the time he was a young boy, through his spiritual crisis at the age of nineteen-a time of darkness during which Fox received his first insights from the Lord and came to the realization that priests were not necessary for a spiritual life-and the development of his own regimen and interpretation of the Bible, laying the basis for the Religious Society of Friends. Anyone interested in Quakers, Christian sects, and the evolution of religious belief will find Fox's autobiography a unique look at an influential religious figure.

## **Customer Reviews**

It is an amazing book. And if I were to rate the book I would give it 5 out of 5! But the kindle addition is absolutely unreadable and terrible. Paragraphs will end at random points and a completely different sentence will begin. This makes it impossible to actually follow the thoughts, for they are broken in pieces and randomly scattered throughout. The English is very old. I do not mean old King James English, older than that. It is likened to the 1611 King James bible English. Things are not spelled phonetically correct but rather how it may sound. the word "he" is spelled "hee" and "we" is "wee" and so on. So my opinion, incredible book that I wish every Christian would read. But if you desire to read it, don't get the kindle addition. Thank you for reading.

I have read and re-read this book since first discovering it last year. Anyone seeking spiritual enlightenment and deeper relationship with the living presence of the divine should read it with an open mind. Seek and you shall find the truth that sets you free. Highly recommended for anyone on the spiritual path.

The only true history is biography! This has been fascinating to find his own words, thoughts, etc in his own hand, especially after discovering that he may be a very distant relative. His stand for integrity is amazing.

Another great Quaker. Fox founded the Society of Friends religion and this journal is his story and revelations. Great spiritual inspiration.

Looking at the time it was written and the circumstances surrounding Fox's life, his journal gives a profound insight into the spirituality that started a social movement now called The Religious Society of Friends.

A dedicated man to the cause. But his story is a rather self absorbed accounting of trials. Had hoped there would be more about the development of all that followed him as well.

Essential reading for Quakers and those interested in the founding of the Religious Society of Friends.

Perfect edition of this classic
