Selected Solutions Manual For Chemistry: A Molecular Approach

Synopsis

The selected solution manual for students contains complete, step-by-step solutions to selected odd-numbered end-of-chapter problems.

Book Information

Paperback: 528 pages

Publisher: Pearson; 4 edition (January 30, 2016)

Language: English

ISBN-10: 0134066286

ISBN-13: 978-0134066288

Product Dimensions: 8.4 x 1.2 x 10.8 inches

Shipping Weight: 12.6 ounces (View shipping rates and policies)

Average Customer Review: 3.4 out of 5 stars 8 customer reviews

Best Sellers Rank: #26,426 in Books (See Top 100 in Books) #8 in Books > Science & Math > Chemistry > Molecular Chemistry #8 in Books > Science & Math > Chemistry > Physical & Theoretical > Physical Chemistry #165 in Books > Science & Math > Chemistry > General & Reference

Customer Reviews

Very helpful indeed. I do not regret buying this book; the odd numbers to these problems are nicely broken down and well explained so much that when you finally do the even numbers of the textbook, you feel confident enough that you've reached the right answers.

very useful... gives solutions to almost every problem in the book! I would definitely recommend getting this if you get the book

Does NOT have all the solutions!

it's okay ...the problems I got for home were always slightly different...but gave a good idea of how to work out problem...but the actual book does as well.

As described

Most of the solutions in this book don't even match the problems in the actual fourth edition

textbook. Guess Pearson was too lazy (surprise, surprise) to change the problems from the third edition, and kept the solutions for those anyway. Not to mention they only work out the odd problems in the book, which really sucks for those of us who like to practice more. If we're paying \$80, we deserve ALL of the problems worked out. However, the work for the problems is very good, and you can learn from your mistakes. But if only THEY WORKED OUT THE RIGHT DAMN PROBLEMS.

Only 50% of the solutions in book provided.

Nice and valuable. very comfortable and very fine . my brother like it , This bread product is by far the best bread product I have ever owned! As a former Chef, kitchen tools are very important to me. I have an extensive collection of products and am always looking for the best tools. This is not only an excellent bread product, at a good price but a beautiful design and feels great in my hand. It is sharp and effective. I am so happy with it I bought two and have put it on my gift giving list for years to come. If you enjoy great kitchen tools this product should not be missed! fast shipping.
