Synopsis

[If displays "Out of Stock," please go to "muscle and a shovel dot com".] Our site is never out of stock and you can order the book at a discount.] Muscle and a Shovel is a raw and gritty true story about a pair of young newly-weds who move to the city to chase the American dream. In the process they're befriended by a man who turns their belief about God, their church, and their faith upside down! Baptists, Methodists, Presbyterians, Catholics, the Community Churches - none are spared when Truth is at stake and their new friend Randall isn't about to "candy coat" God's Word for the sake of "political correctness" or "religious tolerance." This story will grip you from opening to close and will stimulate your spirit on levels you didn't think possible. Get ready to fight or flee because Muscle and a Shovel is one of those rare books that will raise your heart-rate and your blood-pressure. You won't want to wait to share it with your friends or you'll want to douse it in gasoline and set on fire! There'll be no middle ground. Many Christian reviewers have said, "This book will turn our current religious world upside-down!"

"Next to the Bible, best book I've ever read." Amanda Smith, .com Verified Reviewer September 22, 2014

Your beliefs about the Lord Jesus Christ, the Almighty Father in Heaven and your church are beliefs

that you hold close to your heart, and rightfully so. However, your beliefs are about to be challenged in a way that you never thought possible. ã ã The story you are about to read is completely true in every sense. There are no exaggerations or embellishments. What you are about to read happened to me several years ago and I'm sharing it with you for one reason and one reason only. I cannot, however, reveal this reason unless you read this story from beginning to end.ã ã If you make it to the end you'll discover the reason... and I promise you that it will be worth your time. ã ã But let me give you a fair warning: what you are about to read might anger, frustrate and agitate your senses beyond description. This story may force you to examine the beliefs you hold so dear to your heart. This story is not for the weak-minded, nor is it for those who have their sensibilities easily offended. ã ã Many who begin this story won't make it to the end.ã ã Will you have the courage, the heart and the honesty of character to finish this story to its end?

Just started and I'm hooked already.....hope it continues like this.

This book is the very best I have ever read concerning a persons search for the truth. Many of the events related in this book are very similar to events that happened to me in my search for the truth also. Michael Shank has related his experience in a simple and very easy to understand way that anyone who is honestly looking for the truth in God's word could not mistake. Any person who has ever questioned why there are so many different religious " faiths " should read this book.

For a Christian, it is the basic instructions on salvation. It is easy to understand even for a teenager. I recommend this book to Christians and non Christians.

Couldn't put this book down.

Great book! Would recommend anyone seeking God's truth read this book. If you are lacking in faith or are not growing spiritually take the time to read this book.

The book kept my attention from beginning to end as I followed the two main characters through their quest for spiritual satisfaction. The plain, straight forward, emotional "roller coaster" story should cause one to examine their own relationship with Christ.

Inspiring, a story of a man's desire to learn the truth about salvation. His struggles to leave behind

what he had been taught since childhood. A story about another man reaching out to him to share the news of salvation.

Life and eternity changing!
