Synopsis

LONDON: Are you ready to travel to one of the most beautiful cities of the world? **FREE** with kindle unlimited! In this travel guide book you will be taken through London's different regions learning about North, South, East and West London and its culture. You will also find some great tips and suggestions on where to sleep from budget, midrange to luxury accommodations. You will be given guidance on how to use the public transport of London without getting lost. You will have highlights that range from the famous to the unknown, to the very strange and bizarre to the essential. There will be things that you can do for free along with some fun shopping sprees perhaps in the second hand markets that offer vintage items. Take a step into Harrods and the lovely boutique shops along King's road. You will find suggestions on what to do for a night out in London to what you can do on a rainy day in London. You may have an interest in the historical London you will find some great suggestions of sights to visit that will inspire you I am sure. You may want to sit down as the royals do for a sip of classic afternoon tea at the lovely Savoy hotel. Whatever it is that you fancy to see or visit during your trip to the great city of London, England this book offers suggestions for a great itinerary to help guide you through your stay while visiting this fascinating city. It will certainly make your time better spent if you have some kind of game plan. You will have a better chance of seeing more sights during your stay in London! The most important thing to keep in mind when setting up your itinerary is not to try and jam too many things into the one day – this could end up leading to frustration and disappointment – and sheer exhaustion! Give yourself enough time to actually enjoy the sights that you are seeing so that you may totally enjoy the experience in the moment!

Customer Reviews

The opening several page of this book are suspenseful and dramatic, tempting me to want to read more. I thought it was the whole book that I had downloaded for free. It was not. A download link sends you to a page where you have to pay and download the rest of the book. I was not prepared for this. The author's marketing strategy would certainly be effective for those who are into Romance novels. I just happened not to be one. I downloaded the book because it was free. Needless to say, the author has a good flare with the setup of the story.

I was going to visit London the next summer. So, I thought of having some knowledge about the city. That's why I bought this book. This book has very detailed information about what to see, what not, where to stay, how to travel in London. This book will in short give you an overview of the city. By reading this book, now, I have managed to plan for my trip successfully. I would also recommend others reading this book before going to London as it will make their experience about the city more memorable and enjoyable.

There's probably some useful information, but I couldn't get past the rambling sentences and grammatical errors. Needs proof reading and editing.

Great guide with pictures and descriptions of fabulous places in London. Wish I had more time to explore it all!

Some sentences make no sense whatsoever. Otherwise, it is OK for up to date pricing on tourist attractions and transportation options.

I enjoyed reading the concise, practical information. I heard London is expensive..It is. But one can visit vicariously. Thanks

Amount of information is insufficient.
