Demon Magic (Dragon's Gift: The Seeker Book 2)

Synopsis

Del Bellatorâ™s simple life of treasure hunting and demon slaying ended the moment she learned she was a Guardian between the Underworld and Earth. The only problem? She has no idea what that means and no control over the magic that could help her. Sure, she can turn into a Phantom and walk through walls, but in a world where demons can throw fireballs or strike her down with lightning, she needs control of some bigger magical weapons. To make matters worse, demons are now drawn to her like flies to honey. Sheâ™s a walking, talking demon magnet. To save her own life, she must master her powers. That means embarking on a treasure hunt unlike any sheâ™s ever conducted. Fortunately, she has the help of Were-demon and Warden of the Underworld, Roarke Fallon, along with her FireSoul friends, Cass and Nix. As the clock ticks down, she can only hope it will be enough. Demon Magic features kick butt heroines, a powerful hero, and otherworldly adventure.

Customer Reviews

Another great book by Linsey Hall. The Dragon's Gift serieses (multiple) are my new favorite books.

So much action, adventure, fantasy, romance... what's not to love? I love how quirky Del is, always knocking on her head and carrying good luck charms around. I find it endearing how she's been so vulnerable and questioning Roarke's feelings for her. She's such a relatable character. I also love the way the author reveals things little by little, and maintains some mystery that keeps you wanting to keep reading to learn more. The curse that is blocking her magic, for example, and this mysterious Shadow guy? Draka, the phantom dragon, and where she's gone off to? There's just so much to like about these books, starting from Ancient Magic with Cass, all the way through this newest story of Del's. I also like Roarke a lot more in this second book. So many great characters... You're seriously missing out if you haven't picked this series up yet.

Okay, so I'm hooked with the Dragon's Gift series. I just finished Demon Magic and got Magic revealed on my Kindle. So Del, one of the powerful FireSouls with the dangerous ability to steal the powers of those they kill. Cass and Nix are also FireSouls and they represent part of her extended family. Del's inherent power that she has discovered is something more insidious , the ability to seemingly cheat death! Now she's shadowed by Roarke, Warden of the Underworld as more and more demons start showing up and it's vital for Del to get a handle on her long forgotten powers, including the new powers that she obtained in the first book.I'm really enjoying these books and have to admit that the burgeoning relationship between Del and Roarke works really well. Del is afraid to give up her secrets but so does Roarke. They are perfect for each other. It's obvious that they have a smouldering passion between them. Oh Roarke might try to keep his distance from Del, but you could cut the tension between them with a knife, but it's the secrets they both hide that keeps them on their toes and clearly at arms length !Del as a lead character shines. She has a sense of fun that just works but it's her quirks that set her apart. With her dragon like soul, it's easy to understand Del's leanings, but I was surprised with her abilities. This all added greatly to the adventure as Del and Roarke took in all manner of challenges and finally come to drop all the pretenses and confess their secrets. Again, it's Linsey Hall's attention to historical detail that I enjoyed and it certainly elevates these stories and this time we travel from a Klondike gold rush steamboat to Cambridge in England and even as far as a slate mine in Wales! Expect creatures of legend, but most of all expect a rollicking good adventure that keeps you entertained until the last page.Jack Murphy

I became hooked with the first book, Ancient Magic, and have stayed hooked! I know that once I start a new book, I won't put it down until I am finished.The characters are well written and are

believable. To me, the characters seem like real people; people you could run into in the local pub and have a conversation with. The storylines also seem plausible. I like the way each book starts and finishes a story arc but there is a theme linking everything together. And the theme isn't just for the one young woman. Even though this series is Del's, there is carry through from Cass's story (and you really do need to read them in order). I can't wait for the next book to come out and I have a feeling this is going to be an overall series I return to again and again.

Hard to be a proscribed being, having powers you can't control, then get mixed up with demons. The "sisters" spend less time in their shop, Ancient Magic, and more time helping Delphine unravel her past. Why is she the Guardian? And why does the Warden of the Underworld want her so desperately? Many adventures, fearsome fights and a phantom Dragon add up to a breathless ride.

The continuation of Del's story will take you to magical towns and to the depths of hell. The amazing adventure will keep your heart beating faster, and will give you an adventure you won't be able to forget! This is the kind of book you'd want to read over and over again and not get tired of.

Del's story continues with a quest! Del and Roarke follow a map written in a dead demon language. Del learns of a talisman to help her control her magic. Del also learns that she has been cursed. The story kept me interested and am anxious to see what will happen next!

Del becomes what she was destined to be. If only we could figure that out for ourselves. It is not easy to do that, so much easier to take the easy way out.

As a lover of fantasy books, I have to give this 5 stars. Great storyline. Likeable characters. Tied in to other series. Looking forward to the next one.
