The Grenada Revolution: What Really Happened? (Volume 1)

Synopsis

“A PAGE-TURNING WHO-DONE-IT. A MUST READ!” (Horace Levy, Sociologist, University Lecturer, Civil Society activist and Journalist, Jamaica) Finally, the inside story: honest, self-critical, and based on a wealth of credible and independent documentation. Bernard Coard reveals in dramatic detail the factors, forces and personalities which cumulatively led to deepening crisis within the Grenada Revolution and ultimately to wholesale tragedy. Bernard Coard, United States and British trained economist and university lecturer, played a leading role in the NJM and in the People's Revolutionary Government of Grenada. His experience, including 26 years as a political prisoner, offers a unique insight into the causes, course, and finally the implosion of the Revolution.

Customer Reviews

Bernard Coard's predictably meticulous and exacting account of the Grenada Revolution is the best there is in book form. It's very well written, organized, and reads like a mystery even to those of us who know the end, even the details of the end, and what came later. As one who was in Grenada several times during and after the revolutionary period, who has studied and written about this extraordinary event in the Americas, a revolution led by mostly young black men and women, I found the book to be harshly honest and self-critical. For those with just a passing interest in the history of the US as an empire, to spy versus spy buffs, to those who seriously study revolution in search of better answers, this book is a "don't miss." Since this is Volume 1, there is more to come. I look forward to that.

The Grenada Revolution: What Really Happened was a great read and a book I highly recommend to every Grenadian. This page turner is a seemingly unbiased account of the rise and fall of the Grenadian Revolution and the personalities that contributed to its untimely ending. To the author thanks for this historical master piece, I await your other offerings.

This book helps to understand how the Grenada revolution imploded after 4 1/2 years. Bernard Coard was the deputy prime minister during the revolution. He is sharing inside information of personal relationships and decisions from the central committee of the revolution.

Not well written and self serving. I would not recommend
