This is a picture book interspersed with quotations from the King James Bible a description that risks making it sound uninteresting, which it is not. The 95 color illustrations show the face of Christ as depicted by Western artists from the 13th through the 20th centuries. All full-page size, although they may originally have been a part of a larger work, they give the viewer an opportunity to study the features and artistic techniques without distraction. Appropriate for church libraries, this book may be of use in public libraries whose patrons request works on traditional religious illustrative material or on portraiture generally. Beautiful images of Christ!

This is a Christmas gift for my mother. I am sure she is going to love it as much as I do!

Great book.

Beautiful book. Sorry it is out of print. Bought 5 for Christmas gifts years ago. When I tried to buy another a few years ago could only find a used copy online.

Beautiful.

This is a phenomenal book! I bought it in 1996 as an X-mas gift and got one for myself. The pictures are stunning and depict the variety of images we know and love as Christ from the ages. It is my favorite coffee-table book, and off-season, it keeps my bible company. Out of print now, it is well worth the higher price of a used edition. All glory to him!
