A Bride Worth Taking (Arrangements, Book 6)

Synopsis

His lawfully dreaded wife – When disaster strikes, Marianne Bray finds herself in quite a mess, and the most important things in the world are at stake: her family name and her reputation. Desperation leads to a solution she cannot bear, but she has no choice. She must bind herself to a man who can protect her, save her, and, more importantly, tolerate her. Unfortunately for her, that man is Kit Gerrard. Her awfully wedded husband – Kit knew he ought to have left Marianne to her fate, which was no more than she deserved, but he – he always had a weakness where she was concerned, so there was no alternative but to save her and sacrifice himself in the process. With his heart at risk, he takes her, swearing to harden himself against the one woman he – he always wanted, and prays it will be enough. But before long, he realizes he may be the one in need of saving.

Customer Reviews

Every book of the series has stolen my heart. Book after the book you could see the characters growing. Their feelings and personalities' traits unfold little by little and they are so real, so honest. I have come to know and loved Derek and Kate, Moira and Nathan, Mary and Geoffrey, Duncan

and Annalise and of course, the wickedly charming Gerrard twins, Colin and Susanah, Kit and Marianne. I will always come back to relive these amazing love stories over and over again. Thank you Rebecca!

I have long waited for the love story of feisty and often out of control Marianne Bray. Would she mature and find true love? Or would her story be a cautionary tale? And then there is Kit Gerard. Of all of the men friends, as the series of stories played out, Kit seemed to be always alone--a sentinel of reserve. But then, still waters run deep. Ha! And this story was perfect! Thanks!

This book reminded me of "Married to the Marquess," but it was a totally unique story. Because of the development of Kit and Marianne in previous books, the story was even richer. I would definitely suggest reading the books in series order for the most enjoyment. Wonderful, warm, consistent, and romantic!!

A great romance and fun story. Loved the progression of their feelings towards each other. Good reminder that everyone deserves a second chance.

If you haven't read the first 5 books yet you are seriously missing out. Book 6 in the Arrangements series is no different! If you want to get lost in a world of drama, suspense, and romance then you have to read these books! Thank you Rebecca Connolly!!

Great to finally really get inside MariAnne's head and to get to know Kit. Although Kit's continuous floundering resentment can become tiring, it's probably quite realistic and both characters grow and learn how to truly forgive and love.

My goodness! With every new installment of Mrs. Connolly's intricately woven tale, I fall more and more in love! Her characters are delightful, even when they are being troublesome and stubborn, and her narrative positively sparkles. And this, in my opinion, is the best installment yet! Brava!

This was the most delightful book to get lost in while reading every page. I felt like I was watching a movie while reading! I loved the way the author described every character. I felt I really knew them.
