## Customer Reviews

Love these stories! They are perfect to read to our newborn baby, but also perfect for older kids too! We have a feeling we will be getting good use out of this book for many years to come. All of the stories are "short stories" of what is in the movies; they pulled short story lines out of the Disney princess movies and turned them into 5 minute stories, so it is not just telling the whole story of each movie, but rather small stories within each movie. They are definitely identifiable stories from each movie, so older kids will "know" the story ahead of time if they know the movie.

I love reading to my granddaughter, but when it takes half an hour to read a story and you get the "again" every time, this book is a real hit. The stories are there, but without all the details. Great for a

3-year-old. I can read several stories and she's happy. The longer stories are great for building attention spans, but this is REALLY nice for bedtime!

So many Disney Princess stories to choose from! Perfect for bedtime stories. We also break out the princess book while watching the movie in our house so we can follow along in the book. It helps bring the story to life at bedtime.

I bought this because of the pretty glitter and the princesses. I am trying to teach my daughter to read, so we try to read this together at bedtime. The book is nicely made, I just don't like the actual stories. They're really boring. My kid likes it though.

The stories are great, but several pages have smeared printer ink on them, which impairs the readability. The whole book is poorly produced. I can't return it, as it would not be worth the cost and hassle, but I am truly disappointed in this product. Buyer beware!

I love giving these 5 minute story books for birthday presents for kids aged 1-8ish. As a parent of 2 kids under 5, I appreciate getting a lot of stories in one book. Reading the same books at bedtime each night gets old so quickly. My daughter loves all of the stories in this princess book and mommy appreciates the variety!

This is super fun. The stories are just the right length for a bed time story for my 4 year old. They are different stories then I had read before. Which I think is great. I would purchase this again.

My 2 1/2 year old LOVES story time with this book! The stories are just right in length. She hangs on to every word and loves talking about the princesses in the pictures. I let her hold one of her Disney Magiclip dolls for each story. She loves seeing her dolls in the stories. I love the story where Snow White does a good deed for the dwarves for the sake of doing something nice for others and not telling anyone or expecting anything in return. The book pages are heavy paper--seems like a quality book! I am so glad I bought this for my daughter.
