Ordered By The Mountain Man

Synopsis

“You’re my wife, and I’m planning on taking you every day. Understood?” “I understand,” I tell him, panting in pleasure. “You can order me to do whatever you like.” BOONE I own the premier hunting and fishing lodge in Alaska. And I need a woman to help run it. I don’t want an employee; I need a woman who knows how to take orders in and out of the bedroom. Delta’s not what I expected. She wants an adventure and may not be up for the challenge of running the lodge. But she’s gonna need to learn if she wants to keep riding my c*ck. DELTA I thought it sounded fun. Like a vacation. Not like a real, actual marriage. But that is exactly what this is. I’m here as Boone’s mail-order bride and he means business. I’d have left already because heaven knows I am a fish out of water here | but he tricked me. He took me to bed minutes after I arrived, and now I know what I’d be walking away from if I left. And while the job is huge, so is his entire package. But can insta-lust turn into insta-love? I guess I’m going to find out. WARNING: Don’t one-click if you’re offended by a strong mountain man with an off-the-chart sex drive and an irresistible urge to take what is his.

Customer Reviews

It was good to hear about Delta's happily ever after. I am always amazed by the growing a couple does individually when first starting out. Boone & Delta are no exception. Ideas and preconceived notions to start giving way to thinking more of the other person letting go of self. This is healthy and good. It is also entertaining to observe.

Modern Mail Order Bride Romance Two: "Ordered By The Mountain Man" by Frankie Love. Delta and Boone.....Delta and her two friends recently found themselves down on their luck; recent college graduates with no job and no money and definitely no men. So one night after a couple of bottles of wine and a pity party, they signed up for a Mail Order Bride service. Soon after that night they found themselves boarding a plane to take them to their future husbands and sadly away from each other. Delta was outgoing and confident. She was not shy and definitely not lacking when it came to sexual experience. That was a good thing because being sexually experienced was one of the prerequisites of her future husband. And that was where I frowned. :/ I prefer my heroines a bit less promiscuous. I don't expect them all to be virgins just not so bold. That's just my preference; I like to see that shy blush and some timidity to endear me better to the heroine. Boone was...holy hell! Sexy and gorgeous! He was crazy alpha and arrogant. Just outright bossy. He wanted everything his way with no exceptions. So, yeah, this was where I was thrilled with Delta's confidence and take no prisoners. From the moment they met, and I mean that literally, their chemistry was crazy hot. And it got hotter! Of course it wasn't the fact they couldn't keep their hands away from each other that caused conflicts between them; it was Boone's domineering stubbornness. I won't go into details since this is a quick read but I totally loved seeing the moment Boone realizes he has been a jerk. And damn! A five carat diamond ring!? Where can I sign up? Nowhere actually...pretty sure my husband wouldn't approve. lol :) All that being said, I love Frankie's super sexy, insta-love/lust novellas!

Great premise that fell a little flat in the execution, mainly due to the fact that I didn't buy the instant attraction of the main characters. I really wanted to like the book but didn't find the characters believable.

Delta and her college bffs have graduated, their housing and job prospects in Portland are grim. In a

drunken internet job search they come across a mail order bride site and take a chance. Delta's not in the same financial and housing predicament as her friends, but doesn't want to miss the adventure. They had no idea that they would be living so far apart. Delta is willing to embrace the adventure. When she meets Boone, they have a hot insta lust, but her vegan, yoga practicing, independent ways, clash with her rigid and controlling mountain man. A fine fast paced and steamy story.

I have to start off with, I adore Delta! She is confident, funny, and just overall strong. She didn't whine or complain, just took everything in stride and understood that she had options and choices to make. Boone on the other hand seemed to come off wrong to me, at the end it all kind of tied in and I wound up loving him for Delta. I loved the dialogue and the steam was definitely plentiful! Some blush worthy moments for sure! I loved the little twists and turns. I loved this read and the series is great so far! Happy Reading!

This book was full of errors, mostly words missing and a few spelling errors. The characters were OK, but the storyline was rushed and the whole conflict with Boone's brother, Mason, was so childish and just fell flat.

Looking forward to the next book of the series. Great story lines, love your characters. Realistic Great job, keep it up. *~*~*

It was alright. I wouldn't recommend it to anyone.
