Animals Helping After Disasters (True Books)

Synopsis

Natural disasters such as earthquakes, avalanches, or storms can quickly turn into tragedies as people are injured or lost. Luckily, we have animal helpers who are experts at saving the day in these horrible situations. Readers will find out how dogs and other animals are used to locate and care for victims of natural disasters. They will also learn why these animals are so well-suited to their jobs.

Customer Reviews

A great introduction to middle grade readers about Search and Rescue animals, their history, their training, and what exactly they do. Filled with more than two dozen colorful photographs and highlighting interesting facts. For additional information, the book includes a link to the Scholastic Web site on the same subject. A perfect start for students, too, who are writing reports on this, or related, subjects.
