Percussion Methods: An Essential Resource For Educators, Conductors, And Students

Synopsis

(Meredith Music Resource). This book was designed for use in a one-semester college percussion methods class or as a quick reference for school band and orchestra directors. It provides concise descriptions and recommendations covering all important percussion instruments and techniques. The information is easily accessible and provides in depth yet practical knowledge for music educators, conductors and students.

Customer Reviews

This book is a clear, thorough and no-nonsense manual for the non-percussionist music teacher. With descriptions and photos to go with them, you get exactly what you need. Use it as a compendium or for quick reference. I wish I had this when I was taking percussion methods. Worthwhile addition to your professional library. Best of all, it's a manageably sized book. Highly recommended!
