She won the Teacher of the Year and Teaching Excellence distinction in 2001, 2002, 2003. She is the Program Director for Surgical Technology and Registered Nurse First Assisting at Lorain County Community College, In Lorain, Ohio.

good information

I love this book, it has every instrument you can think of in it. From every specialty and service. Quick instrument look up book.

These flashcards are a nice tool, but I found other resources to be more helpful. I prefer a bigger picture and a picture that is of the "real" instrument.

Very informative and useful.

The images on the cards difficult to differentiate. Some of the names are not correct over all I would not recommend these flash cards.

Nice

Great cards, the names vary slightly from what the books offer but a great starting point!!

Great to finally find cards like these. Too bad they are made so poorly. Looks like they were printed on recycled cardboard in China. The only color is on the side with the words. Color pictures would have been more helpful. They are also very small, just a little bit bigger than a business card. Overall, very disappointed. I expected much more for the money I paid. I might just send them back.
