OH! GREAT is a Japanese manga artist whose fan-favorite works include Tenjho Tenge and Air Gear.

its a great series but like the anime it seems they don't want to finish releasing the rest only a few volumes left. i think only two 36 and 37. i have read it completely from start to finish online and it would be a waste if they don't complete its release. one of the best series that has completely been underestimated. has surpassed my expectations and i love it.

Im very sad this will only come out yearly now. Such a great run

Awesome book!

I bought this book because the last book isnt out until June. I really enjoyed reading this series online for free that i wanted to support the mangaka. Therefore i bought the manga with the chapters that i most appreciated.

Update: Kodansha finally announced the release date for volume 36, so my review will now reflect 4/5. A year seems a little long, but whatever. Solid volume, would rate it at 8.5/10. Does a great job of ushering in the final conflict. However it seems as though Kodansha Comics doesn't know whether it will actually finish the series off or as already decided to ice the series again. Other series have future volumes scheduled into next year (with sequels typically appearing 3-4 months later), while Kodansha has refused comment on Air Gear. Will revise my review if the series is continued, if not, don't support an incomplete work and effort.
