# Christian Chick's Guide To Surviving Divorce: What Your Girlfriends Would Tell You If They Knew What To Say

## Synopsis

Gold Medal Winner, Illumination Book Awards Christian Chick's Guide to Surviving Divorce is what your girlfriend would tell you, preferably over coffee and crepes, if she knew what to say. With a good dose of humor, it's full of life-giving encouragement as well as practical guidance. A book full of hope - from someone who has been there. "I walked into my local Christian bookstore with my head down, hoping no one would see the tears streaming down my face," writes the author. "I didn't want the usual version of surviving divorce have a glass of wine, slash his tires, head to Jamaica, and party like you did in college. I needed Godly advice from a woman who had walked in my shoes and lived to tell about it." Divorced does not have to be your label. You can heal and come out on the other side in triumph. Every year, 900,000 women of faith go through a divorce. This book is full of the wisdom and encouragement that Suzanne received, as well as the lessons she learned while the Lord was exchanging His beauty for her ashes. There is life on the other side. A life full of hope, healing, and triumph.

## Customer Reviews

I read this so I could speak compassionately with someone going through a divorce should the need arise, and wow, there is so much good advice in here! I would even give this to those not going through a divorce but are in a loveless marriage where the husband is emotionally gone, even if there are no plans for divorce. This has what such wives need to hear. Great stuff! Also great are the recommended resources in the back of the book.

For newly divorced woman... I cannot say highly enough about this book. This book really spoke to me and my personal circumstances. It's very biblically based ... It was God speaking to me through this book. Very easy read too. I am glad I encounter this book at this early stage of my divorce.

Wonderful book written in a clear, concise and empathetic style. Covers so many issues in a friendly, caring way. This author has vaulted to the top of my list in the venue. If you are in the midst of, friends with someone, or as in my case, the mother of a child going through a divorce, please read this! The Christian viewpoint was so helpful.

Love this book! The author is definitely a down-to-earth Christian woman. She focuses on you growing through the journey of a painful divorce. She is practical while supplying sound Godly counsel. She is transparent and makes you feel like you are definitely chatting with your girlfriend. Loved this book! Easy read...only took a few days. Page-turner.

I am currently going through a divorce and boy is it tough. This book helped remind me that I am a daughter of God and was so encouraging. It addressed things I am going through. So appropriate.

Going through a divorce is hard! I'm currently going through one now... I'm so glad I found this book! I honestly couldn't put it down. The writer really does speak the truth, just like a close friend would. She doesn't sugarcoat or pussyfoot around sensitive subjects. She gives great, biblically founded advice!

Everyone going through a divorce, or close to someone who's going through a divorce, should read this book. She's gentle, but real. The book is full of sound advice to heal and let God shape you into the beautiful vase He always intended for you to be. This book is everything your friends and loved ones would tell you if they just knew what to say. I highly recommend it.

Where there is so many books on divorce, I found Suzanne's book too be such a blessing. She comes with no creditals, other than she has experienced this loss herself. She shares scripture passages that are encouraging and relevant to the emotions, ones is feeling during this incredibly painful journey in life. Especially if you just need a sister in Christ's, charm, whittiness, and a little sense of humor.
