Multiple Sclerosis Recoverer's Guide - How To Get Rid Of Your MS Heat Intolerance

Synopsis

These short, to-the-point MS Recovererâ„¢ Guides are candid conversations with Dr. Rudy Cartwright, a brain surgeon and an expert in Multiple Sclerosis (MS). Dr. Cartwright has spent Åâœ and continues to spend Åâœ countless hours researching Multiple Sclerosis. His research uncovers the Åâœhidden gemsÅâœ that are the key to you getting rid of your terrible MS symptoms. These MS Recovererâ„¢ Guides will help you because Dr. Cartwright cuts through all the hype and all the medical Åâœmumbo-jumboÅâœ and explains things to you in plain English. The bottom line is that if you feel like you are getting worse and worse - and continuing to go downhill - you should read this guide (and all the other guides in the series) immediately. More important than just reading each of the guides, be sure to follow the recommended ÅâœAction StepsÅâœ that are at the end of each guide so you can get back to doing all the things you used to love doing. You deserve to live a symptom-free life. You DESERVE to get your life back...and itÅâœs possible! Customer Reviews

Many people with MS, many different symptoms, many different forms of MS. There is no cure for MS. The symptoms come and go. There is no permanent resolution for the symptoms of MS. I really feel compassion for the MS patient related to these 2 people as they seem to think they know more about MS then actual MS patients.

Ok, so I'm not sure what I thought I'd get for .99, but there is barely anything here. I read it in less than 5 minutes. The authors make a few suggestions as to things that may help with heat intolerance, but I thought I'd learn more.

It was an advertisement for the doctor. There are maybe two sentences that provide actual advice and not real confident about that. There are better resources out there. It's quick and easy if that's what you are looking for
