== Sample from tour == "This building was completed in 1771 originally used as a tobacco factory. It turned into part of the University of Seville in 1950. When it was used to produce tobacco, mostly women worked there and it inspired the famous opera, Carmen. You can see an interesting flamenco rendition of the opera, or a weird "hip-hopera" by Beyonce on Youtube. Pretend you're a student and explore its Hogwarts like interior, with statues and open plazas inside." Why get this Seville tour? Customer Reviews

The guide itself is interesting, striking a good balance between practical information and historical context. The proposed itinerary covers a lot of ground but it doesn't feel overwhelming. That said, I wish a proofreader (or, at the very least, a spellchecker) had been used. This seems to be a frequent issue with Unanchor guides.

I love this itinerary guide. It is just the kind I look for, with many local tips on what to see, exactly how to get there and where to eat. I can't wait for my trip to Seville.

Definitely helped for our trip in Seville.

This was well worth the money. I learned some interesting things about Sevilla's history and found some tucked away spots, which I would never have found by myself. This is ideal if you want to walk around at your own ease and discover the city for yourself. Aly is easy to listen to, funny and informative.

Didn't want to walk around with a tour group as I wanted to do my own thing so this seemed like a perfect option. Was slightly dubious as to whether or not it would actually be useful but turned out I used it more than my guidebook! Really detailed with loads of hidden spots, well worth 1 euro!
