John C. Maxwell, the #1 [New York Times](#) bestselling author, coach, and speaker who has sold 25 million books, is called America's #1 leadership authority. In 2014, Maxwell received the Mother Teresa Prize for Global Peace and Leadership from the Luminary Leadership Network, and was named the world's most influential leadership expert by Inc. and Business Insider. His organizations •The John Maxwell Company, The John Maxwell Team, and EQUIP• have trained more than 5 million leaders in 188 countries. For more information visit [JohnMaxwell.com](#).

A great book! No matter where you are at in life you should be able to glean positive and life changing nuggets of information from this book. I highly recommend this to people from several walks of life, including teachers, church leaders, law enforcement officers, and others.

How will you impact the lives of others?For anyone who works with groups of people (and especially

youth) you will find this book to be a great addition to your library. I especially enjoyed the worksheets at the end of each chapter as they were tangible ways of putting theory into practice. This book is very easy to read, but as with most good books in this category, take notes or be willing to re-read chapters as there is almost too much good information. Most books offer nuggets--this one is a serious gold rush. The leadership team I work with spent two weeks on Chapter 3 (A person of influence has Faith in People). I thought this was one of the best chapters in any of Maxwell's books and this will become a permanent part of our leadership program. A great gift for graduating college students or folks newly elected to positions of leadership.

A very good book introducing principles that most people do not follow these days. In looking for success, you must focus on helping the other person first.

insightful.

I'm a big fan of John Maxwell. I think he has really synthesized the essential elements of leadership. However, as most self-help authors, he takes 30 to 50 pages of great information and writes a 200 page book. The book is well worth the money, but it's got a lot of filler.

Another great book by John Maxwell.

Great insightful book

The reason I bought the book is to quench my crave in understanding of what human psychology is, in order to better (postively) influence. What I got was another pep-talk! The problem with this book is that the author somehow wanted to describe each letter in INFLUENCE with some stuff, but right after the third letter ran out of good ideas, so the rest of the book was filled either with repetition or some obscure stuff. If you have not read any basic leadership management books, this may be okay, but not sure if I would recommend other to pony up dollars for this!
