## Customer Reviews

This is a picture book. For coffee tables. If you are into sports fashions, you'll find this book of interest. If you are a hair style freak, the "do's" displayed over the years will make you laugh, or cry. If you are a tennis player and older than 21 years old, you'll find this book interesting for the tennis eras it displays. If you are a senior aged tennis player you will find this book fabulous. Its very well edited and organized and will provoke many memories of tennis life thirty, forty, fifty years ago. The narrative discussion actually enhances the pictures by nicely setting the context. I consider most coffee table books (picture books they should be called they are so insipid most of them) nothing but decorator items, the fewer displayed the better. This book, though, is enthralling, and not just because I'm a tennis player. It's just fun.

Tennis. Style. Class.
