A Guide Book Of United States Paper Money (Official Red Books)

Synopsis

Immerse yourself in the romance and beauty of nearly 150 years of American currency. It all comes alive in the updated, revised third edition of Arthur and Ira Friedberg's *Guide Book of United States Paper Money*, one of Whitman's most popular sellers. An engaging history book and a comprehensive price catalog rolled into one, the book covers all federal series issued from the Civil War to the present day. Whether you are new to the hobby or long time collectors, they'll benefit from the data provided for each currency series. Fascinating history, full color images, Friedberg numbering system, values, quantities printed, all federal series, plus Fractional Currency, War of 1812 notes, encased postage stamps, and error notes.

Average Customer Review: 4.6 out of 5 stars 108 customer reviews

Best Sellers Rank: #688,368 in Books (See Top 100 in Books) #24 in [Books > Crafts, Hobbies & Home > Antiques & Collectibles > Coins & Medals > Paper Money](#) #471 in [Books > Business & Money > Economics > Money & Monetary Policy](#) #931 in [Books > Reference > Encyclopedias & Subject Guides > Antiques & Collectibles](#)

Customer Reviews

Building on the scope of Robert Friedberg's groundbreaking research, the *Guide Book of United States Paper Money, Fifth Edition*, includes an engaging history of the paper currency of the United States. Every federal note from the ultra-rare Demand Notes of 1861 to the lunch money in our wallets today is described in detail. Fascinating narrative captures the romance and history of American paper money and also explores recent developments in the hobby and market, including the redesign plans for the \$5, \$10, and \$20 bills to be seen in 2020. The book combines the hobby-standard Friedberg numbering system with thousands of retail values and hundreds of high-resolution, full-color photos. With updated content, the fifth edition is even stronger than the

critically acclaimed first, second, third, and fourth editions, which have already taken their place as popular hobby references. --This text refers to an alternate Paperback edition.

So many varieties of Paper Money,,,This book has them covered,,,Nice Pictures,,,Easy to reference,,,Thanks

It's an ok book for the price and I do recommend this for anyone .

Good starter book on currency. As with most guides, the valuations are too high so they should be used as a relative price guide only, not an absolute on note values. This version of the Red Book is easier to use for beginners because it is primarily organized by note value (\$1; \$2; \$5, etc.) rather than by note type so it is easier to find notes quickly in it.

I gave it to a friend as a gift and he is very satisfied with it

Great book at a great price.

Just what I needed.

Good book. All you need to determine the value of US paper money

Too small, not enough Info.
