Synopsis

Winner of 4 Best of the Month Awards! FINALLY! HERE'S REAL, DOWN-TO-EARTH PROOF THAT, AFTER THEY DIE, OUR PETS ENJOY A WONDERFUL AFTERLIFE...AND WE CAN COMMUNICATE WITH THEM IN HEAVEN! Have you ever wondered what happens to your animal's spirit when they pass away?...Is there a pet door to heaven, and do they wait for you there?...Is it possible for them to return to you?...Would you like to talk to your pet angel? Read this incredible true story, and discover "paws-itive" proof that, after they cross over, all pets - furry, feathered and scaly - enjoy everlasting happiness in paradise, and your bond of love with them continues beyond this world. This book can help you:

- * Find comfort knowing your animal's spirit survives death and travels to a beautiful, happy place.
- * Understand that your pet friend remains close to you even after they physically depart, watching over you "on-call" when you need them.
- * Cope with your feelings of sadness...transform them "from grieving to believing."
- * Get advice about how you and your pet angel can communicate.
- * Learn about the science which proves telepathy is real.
- * Enjoy a remarkable true tale of pet reincarnation ("Two Tails, One Heart").
- * Find free pet loss grief support from a directory of resources.
- * Assist animals in need: All profits from book sales support no-kill animal shelters.

Written to support pet lovers through the pain of losing a close animal companion, the author shares her personal experience to help readers understand that the spiritual connection we share with the pets we love remains unbroken, even after they die. Enjoy the humorous, heart-warming story of Snoopee, a totally cool cat...about the wonderful life he and the author enjoyed. The special bond they developed allowed them to continue their friendship even after he passed to spirit. Share the miraculous gift Snoopee sent from his "10th" life (the afterlife) - a music box containing a message of love, devotion and his promise to return. Explore both the physical and metaphysical sides of pet spirituality, including recent scientific discoveries that offer undeniable evidence of brain-to-brain telepathy, as well as an interview with a psychic about animal souls.

It helped me with losing my first furry friend. I cried at parts that were exactly what I was going through. It was comforting knowing I was not alone or crazy! I can see and feel people's energy and didn't know if I could see or feel an animal's energy. Now I can see that I can channel the messages from an animal the same as a person's energy.

I give this book many many stars absolutely great I would always recommend this book to anyone that has furry loved ones and also to anyone that has to go through the loss of a pet to help them understand

Lovely book I read it in one sitting.

I am very glad I got this ebook. I miss my cat, and reading this book comforted me and opened my eyes to the fact she is still with me. This is a good book to read after losing your pet.

I would give "The Cat in the Music Box" more stars if I could! Truly, love it!!
