Perspectives On Marriage: A Reader

Synopsis

Thoroughly revised and updated in this third edition, *Perspectives on Marriage* is a comprehensive and multidisciplinary anthology ideal for courses in the theology and spirituality of marriage. This edition features thirteen new articles and incorporates the best of contemporary perspectives on marriage and sexuality. The selections represent a wide range of approaches, from the historical and canonical to the sociological, psychological, and ministerial. Striking a balance between solid theological material and stimulating readings on today's issues, the volume explores marriage in its historical context; current views on the theology of marriage; the meanings and transitions of marriage; attitudes toward sexuality; communication, conflict, and change; commitment, divorce, and annulment; the spirituality of marriage; and various religious perspectives on marriage. The third edition includes a new section on issues that affect marriage--such as the commercialization of marriage and the financial stresses accompanying marriage--as well as new selections on such topics as same-sex marriage, cohabitation, the theology of dating, and counseling. Each essay is enhanced by a detailed editors' introduction and by helpful discussion questions. Rich, provocative, and challenging, *Perspectives on Marriage, Third Edition*, is the most extensive and up-to-date reader of its kind.

Sold just as described, Great!

Interesting read will work well for my students

The book covers many interesting topics and perspectives on Marriage, but the research is a bit outdated. Social changes are happening quickly and some of the current views of today are not included. Overall, it was a good read and brought about lots of discussion material for my class.

I thought that this book had some really perspectives on marriage and what marriage actually is.

Price was great for the item and it came almost exactly as described. Shipping was timely and it came well packaged. The only reason it got 4 stars instead of 5 is that there was a huge sticker on the front cover right in the middle which covers most of the picture on the front. I tried to peel it off but it wouldn't come off. This was not mentioned in the description and bothers me quite a bit. Other than that though, no issues at all!

This book is just awful. There are such biased misrepresentations of Christians and the Bible that it would be viewed as bigoted if it were aimed at any other group of people. The Bible is misquoted, taken out of context and generally misapplied. Anyone who chooses to use this as a classroom adjunct should first be mandated to study what the Scriptures really has to say!
