Copic Coloring Guide Level 3: People

Synopsis

For artists looking to improve and broaden their knowledge and skills coloring with Copic markers, this third volume in the Copic Coloring Guide series is a must-have reference manual for coloring every aspect of people and faces for stamped images. Detailed step-by-step tutorials demonstrate advanced techniques for coloring faces, hair, and clothing to give unique personality to each drawing. Expert tips for coloring eyes and lips and adding shading around facial features are explained in an easy-to-understand manner, while the theory behind creating lifelike skin tones and the secrets to creating youthful or aged faces are also revealed. Artists will discover how to pick the perfect hair color and create highlights, waves, and curls; techniques for creating texture in clothing from stripes and plaids to pleats and folds, and even the look of washed denim, are also provided. A CD-ROM containing all of the tutorial images is included.

Customer Reviews

Colleen Schaan is a regional Copic certification instructor and team member of the Fine Art Education program for the southeast coast. She is the author of numerous Copic technique articles for CardMaker magazine. She lives in Atlanta, Georgia. Marianne Walker is the product director for Imagination International, Inc., where she develops product publications and certification manuals. She is the author of *A Beginner's Guide to Lighting and Shadows & Shading*. She lives in Springfield, Oregon. They are the coauthors of *Copic Coloring Guide* and *Copic Coloring Guide Level 2: Nature*.

Good coloring guide for Copic markers. Also useful for just seeing how colors can be blended to give dimension to drawings. I am excited to put this book to good use with my stamping!

Excellent book that helps one use Copic markers to get colors that look natural. The highlights for nature objects are explained and shown in detail as to how to get the proper look and how to decide where light is coming from and then coloring appropriately. These authors do a good job with the copic marker training and one teaches classes on Copic Markers. Excellent help in learning to color for beginner or the experienced artist or papercraft person.

This book is truly awesome. I bought the first in the series and it was a good basic guide for beginners but didn't say much that I did not already know. This second book delves much deeper in color properties and gives lots of information about color combinations beyond the basic B09 shades with B07 and B05. I can't wait for the third book to come out in the Fall.

This book has given me the basic shading and coloring knowledge that I need in order to make attractive greeting cards that I am proud to give to my friends and family. I was never an artist, but when I took up rubber stamping I thought that I didn't really need to be an artist. Unfortunately, without an understanding of light and shading, my cards were flat. I didn't have time for an art class to figure out the basics. This book was fun, easy to follow and I absolutely adored the CD that provided the drawings to practice coloring.

This is an excellent book. I learned wonderful techniques. They are clearly explained, and easy to follow. I am very glad I ordered this book. I highly recommend it for anyone who wishes to color people with more accuracy. Learn and practice. It's well worth the price. Rae

It's good for a read, but mainly rehashed what I already knew. Ultimately you will find more useful information and tips just searching the internet and Youtube. Save yourself the money and just search on Google for Copic Tips and Tricks.

Great instructional book when learning to use Copic markers. Shows the techniques you need to learn to succeed.

This book is very helpful and is a great tool for everyone! I love it and I also bought the other Copic books!! Superb!
