## Customer Reviews

Book by Rollins, Judy Holt, Bolig, Rosemary, Ph.D., Mahan, Carmel C.

I really liked this book. I thought it offered a good, in-depth study in the psychosocial needs of kids and gave insight into caring for kids in medical settings. Good handbook for social workers and Child life specialists.

Great Book! Lots of valuable information for those entering/continuing the field of child life, or are other healthcare professionals working with pediatric patients, and their families. There are somethings you have to take a critical eye to, so don't take everything necessarily as Best practice. It certainly is a solid foundation for discourse, and practice however. Also has some great resources at the end of each chapter.

insightful read

Good textbook. This book was required for a prep class for Child Life Specialists. I found it interesting, though I did not read it in its entirety.

great

Amazing quality!

I bought this book for a class and there is so much information in this book it is an amazing resource.

Exactly what I needed. Great condition.
