

Synopsis

Advanced Rune Shamanism is the third in a series of Rune Shamanism books. This latest in the series is a synergistic method of Rune work which combines external Rune divination with internal Rune shamanism. This book also reveals a previously unknown method of Rune casting combining the shamanic pre-Christian European eight direction ÆðmedicineÆð or sun-wheel, the three levels of existence (Odin, Villi and Ve) and connects them to the nine Worlds of the pre-Christian, tribal European Tree of Life. The second half of the book is dedicated to a simple, yet profound, intuitive technique of shamanic divination and healing with the Runes that employs a ÆðcounterbalancingÆð method of divination that can reverse the energy blockages in ones destiny. Author Michael William Denney is a practicing Teutonic Thunder Shaman and has been researching, practicing and teaching shamanic methods of self-transformation from various parts of the globe for nearly a quarter of a century.
