Customer Reviews

When I bought this book I expected to read about different brands from United Franchise Group,

just as the title says. But I was very surprised to find loads of resources that will help people who want to buy a franchise. There's also a chapter that address how to franchise a business. Well worth the money.

Ever since my wife and I bought a franchise in the restaurant industry, and sold it at a nice profit with no prior restaurant experience, I've been enamored with franchising. Dr. Hayes book is a must-read for anyone even tossing the idea of business ownership around. I learned a lot about the industry and the United Franchise Group story and diverse brands along with their explosive growth is simply inspiring. How does a company double revenues in its 30th year of operating? Wow!

As the owner of the top performing Signarama this publication by our parent company UFG is a must for those with an entrepreneurial spirit!
