Always Forward (#9 In The Bregdan Chronicles Historical Fiction Romance Series)

Synopsis

Always Forward is the ninth book in the Bregdan Chronicles historical fiction series. As of today, there are 10 books in the series. Make sure you start reading with # 1 *Storm Clouds Rolling In*. It's readers like you who have turned the series into a world-wide best-seller. Thank you!

Book Description: Can America survive the struggle to rebuild? Carrie and Robert's dream comes true, but is Carrie strong enough to survive what comes next? Rose's school comes under attack by vigilantes. No one could have predicted what will happen next. Abby makes the choice to go to Kansas to fight for Woman Suffrage, and almost pays the ultimate price. Violence and hatred run rampant through the country as America tries to come to grips with 2,000,000 freed slaves. So many of the characters you have come to know and love face both challenges and joys in this turbulent time in history. Volume # 9 of the Bregdan Chronicles continues the sweeping historical saga that now encompasses the second year of American Reconstruction. How many books will be in the Bregdan Chronicles? No one knows yet! Ginny intends to write these character's stories, one year at a time, for as long as she is able to write. She is passionate about bringing history to life through historical fiction. Since she is amazingly healthy, that could be for a very long time! She doesn't like stories to end any more than you do. This one won't end for a very long time!

Review: When Ginny sent the email that *ALWAYS FORWARD* was available for purchase I immediately downloaded #9. I originally began with Book #1 and have grown attached to each character as I have read the series in order. I was impatient for this newest book to be published. I stopped everything in my life that could be stopped and began reading immediately and into early hours of the morning. When I read Bregdan Chronicles, I always feel as though I am a valued part of Carrie, Robert, Abby, Thomas, Rose, Moses, Annie, and so many others lives. I feel I am a part of their unique family. I enjoy laughing and crying with them. I rejoice in their joys and mourn with their sorrows. I worry with them regarding their concerns and fears. It is hard for me to accept that they are fictional characters because Ginny writes in such a way that I feel each person is real. Since I began the series a while ago, when old characters returned to Cromwell Plantation, I struggled with remembering their place in the story. I appreciate the way that Ginny quickly incorporates clues and memories in the discussions to help me remember them from the past. Just like at a family reunion, I am reminded about the person and how they fit into my memory of them. While reading *ALWAYS FORWARD* I felt like I was at a family reunion - where we get to share our joys, sorrows, pain, despair, acceptance, and above all LOVE with one another. Since my personal life is presenting similar struggles as those in *ALWAYS FORWARD*, I found the remarkable wisdom which Ginny weaves throughout all the Bregdan

Chronicles series to be emotionally healing. I've made a note to myself to definitely read this book again when my time to mourn arrives to show me the way to emotionally heal. I gained much hope that I, too, can heal and always move forward in my life. As for my life today, I so much needed the wisdom that "...life will always be full of ups and downs, suffering and joy... it is so important to embrace the joy fully, pulling it into every part of your being, because you will need it there when the next hard times start. You'll need the joy to balance the grief, and to remind you that the sunrise always follows the darkness." While I wait for Book #10 (Walking Into the Unknown), I've decided to read Bregdan Chronicles again.

While I wait for Book #10 (Walking Into the Unknown), I've decided to read Bregdan Chronicles again, beginning with Book #1 and make a journal of the powerful insights and wisdom that Ginny shares throughout the series. I would love to know more about Ginny and how she has gained her incredible wisdom. (I picture Ginny to be a lot like Abby.) Hopefully, one day when my life is more settled, I can make a journey to the east coast to attend one of Ginny's fan dinners. Oh, how joyful that experience will be for me! I'll just keep moving forward and see where my life takes me. If you are new to the Bregdan Chronicles series, I suggest you begin with Book #1. The research that Ginny puts into each of these historical fiction books is astounding. I've learned so much about life during and after the Civil War - from both the north and the south perspective. If your experience is anything similar to mine, you will learn beautiful concepts about life and living. Hopefully, you too will be inspired to live more abundantly and with love and acceptance for everyone you interact with every day. Thanks so much Ginny! I'll be anxiously awaiting #10.

Happy, sad & impatient (waiting for the next book)! History you've never been taught brought forward. I've learned a lot of history from all of Ginny's books (thank you so much for sharing). It's

hard to believe these people are fictional. The story continues on in each book, a page turner you'll be reluctant to put down until you've finished reading the entire book. Less than 24 hrs since its' release and I've finished the book. Time to start rereading the entire set again. If you haven't read any of these books you've missed out big time. My suggestion would be just try the first book. If you're not hooked by the first chapter try one more. These books have grabbed my heart & soul from the beginning page right until the last word.

I JUST FINISHED ALWAYS FORWARD.. As always reading any of the Bregdan Chronicles I did not want to put the book down.. I will read it again. I have learned so much from reading all 9 of these books. I also felt part of the main people in the book and their families. At one point I cried and cried Right now I am going to go back and read the book again . I have so much more to learn from this book. and to enjoy reading it all over again. thank you GINNY DYE. I love reading , but these are the best books I have ever read. And have opened up my eyes to things I never knew .

I have sung the praises of The Bregdan Chronicles far and wide. I am and always have been an avid reader. It is my passion, my therapist, my best friend. However, never before have I felt as if I am living the story. It is an amazing experience. For all you "readers" out there in storyland, do yourself a favor and start from square one....You won't be able to stop and you will love every minute of your reading pleasure. I am so excited to have just downloaded #9 to my Kindle. Happy reading....You won't be sorry, for sure!

I just got the book and just finished it. Could not put it down until my eyes could not stay open. How real the characters are. So much history I did not know about. I actually searched the Internet looking for more information. My heart was crushed and I found myself crying out NO! My heart hurt the rest of the book. There was so much advice in the book on how to grieve and how to move on. How to love your life after a tragedy. We cannot look back and think of what could have been but we need to look at the good in our life now and what can be moving forward. I am hoping it won't be long until the next book will be out. I have watched them in sequence and just love the stories. I would recommend this series to everyone. It is even a safe book for older teens. I love the relationships and the history. Lots I had never been taught. No one will be disappointed reading this series!

Of all the books I have read I must say this is the tops. Not only was the history so important to me

but I fell in love with the characters and learned how each one dealt with their challenges and conquered them. I had no idea what the Civil war was like and I am so glad that I have learned so much reading the history because of Ginny Dye's research. Also, I was so amazed learning how the slaves held to their faith in God and were so knowledgeable about the bible. The bible was their life line. It was their only hope in their horrific lives. Death to them was a release from slavery .Then I was also surprised at the wisdom that the older women had during the trails of the war and just in life in general, especially Sara. We all need a Sara in our lives. I am so anxious for the next book to be out. I am sad that I no longer have another book to read in this series. I might add that I just found letters in my files written by a young 20 year old man who fought and died of infection in the Civil War. I even have the parent's letters and the death certificate. I also have a quilt made during the war by my great, great, great grandmother.
