## Customer Reviews

With just the third quilt she'd ever made, self-taught quiltmaker Kim Diehl became the winner of American Patchwork and Quilting magazine's "Pieces of the Past" quilt challenge in 1998, turning her life down a whole new and unexpected path. Her work has been featured in numerous national and international quilting magazines. In addition to her best-selling "Simple" series of quilting books for Martingale, Kim has designed several fabric collections for Henry Glass & Co., enabling her to be involved in the full circle of quilting from start to finish.

This book is a great resource for using up the scraps which all quilters accumulate. The instructions are easy to follow and implement. Kim Diehl has again produced a wonderful resource for we quilters. Highly recommended.

This book has lots of lovely smaller quilt projects that are so typical of Kim Diehl's lovely bright country primitive quilts. Most of these projects have lots of smaller pieces in them but not all. A good book for inspiration and for patterns. You surely need it in your library.

Another Fabulous book by Kim Diehl. As with the rest of her books this one is filled with a great range of projects. From small to large with little and a lot of applique. Kim's style is so home friendly, her directions are easy to follow and the pictures are spot on to show how to do the techniques. I highly recommend the "Simply" books by Kim Diehl to all fellow quilters.

Arrived on time. Good reference material.
