1000 Things You Might Not Have Known About Famous People

Synopsis

As the title suggests, 1000 Things You Might Not Have Known About Famous People, contains a huge list of interesting and unbelievable facts about famous people. The famous people covered range from modern celebrities, to unforgettable people in history, to breakthrough scientists. 1000 Things You Might Not Have Known About Famous People is packed with interesting, entertaining, educational and fun things to read. You'll get everything from the weird to the wonderful and from the horrible to the hilarious. Facts such as: When Cameron Diaz got the part in "The Mask", she had no previous acting experience. James Garfield could write Latin with one hand and Greek with the other hand simultaneously.

Customer Reviews

The grammatical and punctuation and word choice errors in this book are horrible. Although the information provided was interesting, it did not live up to the title. At least two of the items were repeats making the correct title Less than 1000 Things, etc.

Waste of \$

Some facts are wrong but fun to read when waiting at the doctor.

Facts were interesting but a large portion are repeated in the list. Who edited this? Should be called About 850 facts with Repeats

Very interesting!

I could not give it a 5 star, I know that some of the info was not accurate. For instance, it is not true that Hitler only had one ball. The rumor came from a song from the 1930's. Also, there were several grammar errors that annoyed me

I found myself willingly sitting up to daybreak a few times, JUST reading this book! Each page was more and more interesting! Some facts were funny, some were sad, and some were "questionable". However this is a book I know for a fact that I would easily recommend to ANYONE and EVERYONE

I really like these series of books because I am a trivia junkie and there are lots of things in these books I have learned for the first time. Having said that, this is the second John Brown book I have read that is full of spelling mistakes and grammatical errors. I understand one or two but I am talking about more like a couple dozen.
