## Customer Reviews

Granddaughter loves it.

They love this book.

Poor quality

Christmas gift. Grand daughter loves Dora so I hope this book is being read to her at bedtime. She loves being outside so I thought she would enjoy.

She usually won't sit still long enough to finish a story book...she sat through the entire reading, and wanted to read it again!

There isn't much going on here. It will hold the attention a few times but after that would either recommend something longer (for the older kid) or less word (for the younger kid).

This is one of my son's favorite books to have read to him, and it is not too tedious when he is interested in a reading marathon.

Its a nice book for beginner readers like my young niece, it's a good price and it's prime. I'm glad I purchased it
