I live in Panama and have been boating for more than 35 years. This book contains more information

than I would have ever been able to gather in those 35 years of boating. Excellent book with lots of useful information.

Beautiful

Excellent, don't sail to Panama without it

If you're lucky, you hear about the Bauhaus guide BEFORE you sail to Panama. He has made the only accurate charts for the San Blas; sailors relying on Raymarine or Garmin chartplotters have made disastrous mistakes.

If you are looking for a guide that includes bars and restaurants this is not the guide. If you want to stay off of the reefs in Kuna Yala this is the guide!

It is a MUST guide if you sail to Panama. We saw many boats on the reefs due to uncharted waters! This is a must have READ. It is an excellent guide.
