Discipline And Punish: The Birth Of The Prison

Synopsis

In this brilliant work, the most influential philosopher since Sartre suggests that such vaunted reforms as the abolition of torture and the emergence of the modern penitentiary have merely shifted the focus of punishment from the prisoner's body to his soul.

One of the greatest minds of the 20th century

Great Read. Highly Recommend!

Great read on prison and surveillance, power and knowledge, and the ways each has influenced the others in the last several hundred years.

good

Crazy justice system. Popular juries - and popular judges makes the system stink! If you cannot be represented by your peers in the jury box like it is today - you might as well open the door to prison. Our correctional and justice system needs to be blown up and to start up from the ground up!

Good

Essential work for anyone in a Historiography class. Foucault is essential.

this was such a clean book, like new and it is an interesting read. Glad I could locate it so quickly and have great mail service.
