Customer Reviews

In my humble opinion, this is a book that should be required reading for every student grades 6-12 in every school world wide. It presents the long-forgotten three-fold unity of knowledge, the very foundation of education, which is intrinsic to any healthy, harmonious and functioning society, of which one is extremely hard pressed to find in today's 21st century.

Manly P. Hall introduces a very interesting theory in this book. I do not wish to ruin the book for people who wish to buy it, but to sum it up - the Colonization of North America was not some mistake. It's worth the read if you are interested in American history.

I bought this book for a friend and he seems to like it. I have not read it so I can't comment first hand.

American true origins

Good Book

Hall's the expert.

Great book

If you want to be inspired, filled with purpose, and marvel at the vision of men who sacrificed of themselves so that humanity could benefit for generations to come... read Manly P. Hall
