Customer Reviews

This guide book is very limited in information it presents. Promises a lot but delivers little.

Restaurants are a fraction of those in any area. I expected ALL of them to be listed and then there recommendations. Snorkeling information was scant and lacked details. I bought this book only because it was the most recently published. If Maui revealed had an up to date edition, it would have been my choice based on previous purchase

Despite being the 2016 guide, this book doesn't seem to be updated very thoroughly. We stayed at

the Montage, which opened in 2014, but it doesn't exist in this Fodors. Many restaurants seem to be missing too.

Absolutely the most essential item we packed! This is an incredibly well organized wealth of information on the island including a map, specific area tips, and wonderful "must-know" tips to enhance your vacation!! If you're headed to Maui, buy this book! The weight of the book includes the map so it's well worth it's place in your bag! Keep in your carryon for on plane reading!

A comprehensive retail look at most of what there is to do on Maui. Even though you won't get to everything there is to do, you won't be dissappointed.

Love all the Fodor's books. This one is just as good. So much info on any activity you want to try while on the islands. Has prices, phone numbers and even show if you need a reservation in the "where to eat" sections. You won't be sorry you purchased this book.

Perfect for our trip, we loved the ratings for everything and the map. We used the guide everyday driving and took it up to our condo at night to plan the next day. We would then go on-line for discounts and more information. We loved Maui and would love to go back. My husband especially loved the golf section and golfed twice on our trip.

very disappointed with this book (Kindle Version), gave no further information then a short travel brochure would have. Vague and incomplete.

This book was OK, I expected a little more from it. Gives me basic info and recommendations.
