It's okay but it's basically a large laminated card, folded in half to paper book like. If you need miscellaneous designs, this will work. I found only a handful to be useful for my needs.

Great little designs!

These designs are best used to fill in spaces, or perhaps in creating your own work in a theme, such as gardening. Or perhaps on a finger towel or baby's bib. The designs really wouldn't show up on anything larger.

These are great "tiny" projects. They work well for projects where you need a little something. Designs are small and simplistic but not what I would consider beginner projects.

I was pleasantly surprised to find these tiny patterns have enough definition to be attractive and make it possible to quickly personalize practically anything you want. I stitch verrrrry slowly and this is a boon to me!

These itty bitty cross stitch design are truly itty bitty. They are also very cute! Ordering and delivery was 5\*. Very happy with this purchase and transaction.

I was having a hard time finding small motifs so I was glad to find this booklet. I actually cross stitch over crochet using these. they work perfect.
