Current Controversies - Child Abuse (paperback Edition)

Synopsis

Authors debate the prevalence of child abuse in American society and the most effective measures to prevent and respond to violence against children. Chapters include: Is Child Abuse a Serious Problem? What Causes Child Abuse? How Can Society Respond to Child Abuse? Will Changes in the Criminal Justice System Help Prevent Child Sexual Abuse?

Customer Reviews

"This anthology includes essays that initially appeared in periodicals, newspapers, books, government documents, and public and private organizational publications...A balanced presentation for highly controversial views, the selections differ in style and polish; some are carefully reasoned, and others are emotionally charged. Three major sections explore the dimensions of the problem, its causes, and possible remedies. Pulling no punches, this title covers its subjects well. Useful for research, for reports, and for debates." -- School Library Journal (November 2001) (School Library Journal 20011101)"I have almost every series Greenhaven Press has published and love them all..These titles will be a great resource for current events, history, and speech classes and debate teams. Highly Recommended."--Library Media Connection (August/September 2004) (Library Media Connection 20040901)"This wide-ranging entry in the Current Controversies series gives readers information for reports as well as for making personal choices. The writing is more intellectual than impassioned, and supporting evidence usually comes from respected sources that young readers will likely recognize and trust. Rich materials for many

curricular disciplines." -- Booklist (May 2002) (Booklist 20020501)
