Customer Reviews

I have been wanting to make my own homemade pizza for a long time, and with this book I finally can! There are many recipes listed inside for Pizza Hut, Domino's, Papa John's, and Little Caesar's. I have always wanted to know how to make the stuffed crust pizza and now I get to make it in my own kitchen. These recipes are well organized and very easy to follow. There are many recipes included in this book besides just pizza. There are pasta dishes, wings, breads and desserts. I can't wait to make more recipes from this book, because all of the pictures inside look delicious! This is a great cookbook and I highly recommend it!

Alright, it's Friday night and you want a premium pizza from one of the Big Name chains, but you don't want to pay the big name price. What do you do? Turn to this book and make your own! We are talking thin crust premium pizzas, cheese stick, cinnamon sticks, Lava Cake and all of your other favorites. Get the recipe, make them their favorites and SAVE MONEY! Who can ask for more?

I enjoy the variety represented in this book, indeed it is enough to get a good idea of what one is doing in making different styles of pizza, sauces, and even other menu items. We are having pizza tonight, and tomorrow...we just need to get a good grip on what we're doing of course. Strike while the pan is hot, so to say. hahah It is worth much more than I paid for it, but I did not hesitate either. I'm thinking we need to do the chicken alfredo on a pizza from the same company, as soon as we're confident enough, including our addition of wilted spinach leaves and New Mexican green chiles (e.g. Hatch). mm hmm

There were some very good recipes, but the one I really wanted, they didn't have. There was a dough recipe for every restaurant except Little Caesar's, and their deep deep dish dough was the only one I wanted. Not garlic parmesan cheese chicken wings, sorry but just the thought of parmesan cheese anything grosses me out. Now I know most people love it, so you will love the recipes in here, especially those from Little Caesar's, but personally I was a little disappointed. Still,

all in all not a bad cookbook.

I love Dominoes pizza and everything they fix so I jumped at the idea of preparing their great pizza at home. If you want to enjoy the restaurant flavor then this is the book for you. Thank you and enjoy your day.

Wow! Some of these recipes look like the real deal. I know the Pizza Hut sauce is either correct or is the same one I got off TSR. I will definitely be giving the doughs a whirl this weekend!

I could have used this for the last ten years. I love eating pizza and bread sticks. I'll probably use this a lot. My family has always been nuts about pizza.

great
