Customer Reviews

What can you say to a series like walking dead ? I've been a Dc/Marvel/image/dark horse junkie for years. I will have to say reading Robert Kirman's story about the human condition is more compelling ,than the simple fact they are all running around in zombie land. You lose yourself in these stories and you really just forget its a black and white comic that your doing it in. When the story makes you either sad or happy the writer has done their job well. I recommend these stories ,even if your not a comic junkie like myself.

I can't wait to see how Rick handles Andrea! It's going to be interesting, how the dynamics are changing, to see how everything turns out.

Shows Michonne was a undercover and add from the start! Different from the tv version but it's the

original start.

I had some problems getting this item in the beginning however, it is not the item but the owner that impressed me. When i contacted the company. He emailed me back and corrected the problem asap. He was prompt and a joy to deal with. I would deal with this compamy for all my Comic book needs.

When I found this book from Abbas Discount Place, there was NO INDICATION in the product details that this was a "2nd printing" copy. I'm glad I have it now and the backstory insight is awesome but you need to indicate a "2nd printing" in your product details. Not very happy about this.

It told me everything I wanted to know about Michonne. Totally happy with the condition in which I received it and how quickly it came to my home. Very awesome. TV script is a lot different than the comic series, nonetheless both are awesome awesome awesome!!! Would recommend this comic series to everyone. KS

this comic series never lets me down, I will be collecting them until they stop making them along with other of kirkmans series

Completing my collection!
