Show Them Jesus: Teaching The Gospel To Kids

Synopsis

Millions of church kids are growing up and deciding to leave the church. They listened attentively in Sunday school, made friends, and seemed committed. But one day, they quit. What happened? The Bible says we love God because he first loved us. So if we are not primarily teaching our kids about God's love for us in Christ, we may miss our opportunity to capture their hearts. But what does it look like to teach a gospel-centered lesson? Show Them Jesus is an instruction manual for teachers of kids and teens written by a lay Bible teacher with 30 years' experience. With a simple framework and lots of real-life examples, Klumpenhower's book helps teachers to identify and communicate the heart of the gospel to each child in each lesson. Conventional wisdom says, "Make class more fun!" Or just, "Make it easier!" But Show Them Jesus challenges the culture of low-stakes, low-expectations teaching and invites teachers to do nothing less than teach and treasure the good news of Jesus in every lesson. Show Them Jesus's how-to approach will complement and enrich existing lessons or teaching materials and is appropriate for teachers of children and teens in any setting.

"Show Them Jesus" is the best resource on children's ministry I have seen in 15+ years as a children's ministry director and I have recommended that all of my volunteers get their hands on this book as soon as they possibly can. Too often in children's ministry we've watered down the gospel or worse yet assumed the gospel and today many adults grew up in church and still have no idea how to answer the question of why Jesus died on the cross. This book reminds us that the cross is the central point of the Bible and therefore should be central in our teaching. I love the way the author takes us on his journey of learning to teach gospel centered lessons and shows us what he learned along the way. I love the fact that he encourages teachers to study and prepare the text their teaching on and not simply rely on the curriculum pieces (no matter how good and gospel centered they may be). I also really appreciate the practicality of the book as he gives suggestions at the end of each chapter on how to apply what you're reading right away in a classroom or at home. If you teach in children's ministry or have kids you care about you should read this book!

I heard a recommendation for this book last week and downloaded and quickly read it over the past few days. It provides wonderful advice and actual application of how we can effectively show those we teach about Jesus. It was great food for thought for me when I think about my own relationship with God, and I would recommend this book to any parent or leader within a church group setting - or even to anyone who would like to strengthen their own faith! I plan to read it again and do some of the suggested activities with my family.

Wonderful book. Great for my Child Evangelism class.

Every Sunday school teacher should read this book

A nice compilation of practical advice for teachers and parents looking for ways to show grace to children. After reading this book, it is even more obvious that it's not man-made programs that bring kids to Christ but the work of the Spirit in their hearts. We all need the gospel more often and Klumpenhower makes that ever so clear in this great book.

I am so thankful for a book about teaching the Gospel to children that avoids moralism, points to our sin and our complete need for a Savior, and shows Jesus to be the real center of the Bible's message. I would highly recommend this book, and am adding it to a collection which includes the

likes of The Jesus Storybook Bible, and Grandpa's Box.

This is a fantastic book for parents and children's ministry leaders alike! Life changing for how I approach ministry with kids. I keep my copy close at hand as I prepare material every week.

This book is wonderful. Klumpenhower shows how to teach the gospel effectively and rightly. Though his examples are of teaching children, what he says applies across the board. Anyone who desires to teach the gospel to anyone (so every parent) needs to read this book.
